**I. Summary:**

This bill requires the Division of State Fire Marshal within the Department of Financial Services (department) to design, create, and distribute an official state firefighter memorial flag. The bill grants the Department of Financial Services authority to adopt rules relating to the production and distribution of the flag. The flag will honor firefighters who have died in the line of duty and it may be displayed at fire stations, firefighter memorials, funeral services, and otherwise as the State Fire Marshal deems proper. The bill mandates a specific design for the flag which includes the Great Seal of the State of Florida and the phrase "Florida Fallen Firefighters" over a blue background.

There is currently in existence a national firefighter memorial flag. The flag required by this bill will be exclusive to Florida.

The \$1,200 cost associated with the implementation of this bill will be absorbed within the existing budget of the Division of State Fire Marshal, within the Department of Financial Services.

This bill creates an undesignated section of the Florida Statutes.

## II. Present Situation:

The Division of State Fire Marshal is the lead agency for Florida's fire service and is charged with the duty of certifying firefighters, assisting with fire related forensic and investigation activities, and other aspects of protecting Florida from fire related perils.

Between 2000 and 2005, 21 Florida firefighters were killed in the line of duty.<sup>1</sup> Memorial services for fallen firefighters traditionally include a ceremonial placement of an American flag over the coffin of the fallen firefighter. Presently, there is not a unique and separate memorial flag for fallen firefighters that has been state sponsored in Florida. However, there presently exists a National Fallen Firefighter Memorial Flag that is used in several states in a similar manner as the flag that is described in this bill. The National Fallen Firefighters Foundation in Emmitsburg, Maryland currently offers these National Fallen Firefighter Memorial Flags. The flags can be purchased on their website for about \$75 each.<sup>2</sup>

Research indicates that only one state, Pennsylvania, has a state specific fallen firefighter flag. The Pennsylvania flag is used in funeral proceedings and it is flown below an American flag at half mast after a firefighter has died in the line of duty.<sup>3</sup>

## III. Effect of Proposed Changes:

**Section 1** requires the Division of the State Fire Marshal to design, produce, and implement the creation and distribution of the Firefighter Memorial Flag, specifies the locations at which the flag may be displayed, and specifies the design of the flag. This section provides that the flag may be displayed at fire stations, firefighter memorials, funeral services, and otherwise as the State Fire Marshal deems proper. Additionally, the department is granted the authority to adopt rules relating to the production and distribution of the flag.

**Section 2** provides that the effective date of the bill shall be July 1, 2009.

## IV. Constitutional Issues:

### A. Municipality/County Mandates Restrictions:

None.

### B. Public Records/Open Meetings Issues:

None.
